Teletower 1T - TT002

Engineered for speed, safety and simplicity, the ZARGES Teletower is the world's first telescopic mobile scaffold tower - designed for trade professionals who need flexibility on the job. It can be fully set up by one person in just three minutes, allows for quick height adjustment, and folds down compactly for easy storage and transportation between sites.

Product description

- The telescopic mechanism allows for adjustment to five platform heights ranging from 1.00 m to a maximum of 2.00 m (working heights ranging from 3.00 m to a maximum of 4.00 m).
- Telescopic design - can be fully set up in three minutes and operated by just one person.
- Adjustable platform with five height settings from 1.10m to 2.00m, providing safe working heights up to 4.00 m.
- Extra-large, sturdy aluminium platform with built-in trapdoor for safe internal climbing.
- Folds down compactly to fit inside a small commercial vehicle.
- Built-in stabilisers with five adjustable positions for a secure footing, even on uneven ground.
- Swivel castors with brakes make positioning easy while keeping the tower securely in place when in use.
- Integrated handrails and knee rails provide for added safety.
